

Aircraft Inspection and Maintenance 2020 – Sharing a Vision 18th – 19th March 2020

Presented by the National Aerospace NDT Board of Australia

www.ndtboard.com

Theme: The National Aerospace NDT Board is again offering a two day seminar for aircraft maintainers. The Board is going beyond NDT to capture quality and compliance issues which underpin any effective aircraft Inspection and Maintenance program. The breadth of presentations is possible through the participation of professionals from allied fields of management, quality, and compliance.

Audience: This seminar is remarkable value for money and will benefit aircraft maintenance professionals responsible for Maintenance, Quality and Testing, Quality Managers and Auditors, Aircraft Owners, Aircraft Maintenance Supervisors, Aircraft Inspectors, Aerospace NDT Service Providers, and Consumers of Aerospace NDT.

Program:

- Welcome “Ice-breaker” and pre-registration.
- Seminar dinner
- Technical presentations including;

NDT and Maintenance Case Studies
ADF Aviation
Quality Management Systems
Part 145 Regulatory Compliance
NDT Equipment and Process Developments
Managing Ageing Aircraft
Inspection of Composites
Human Factors and Fatigue Management Programs
NDT Inspection Standards

Exhibition: There will also be an exhibition of equipment and services as part of the seminar.

Venue: The Coogee Bay Hotel Conference and Function Centre, Sydney. The Conference Centre is situated only twenty minutes from Sydney airport and the city centre at historic Coogee Beach. It provides excellent conference facilities in a relaxed atmosphere, with a range of nearby accommodation options.
